ACADEMIC CALENDAR 2022-23

The calendar is a comprehensive guide to all activities and events scheduled for the year. The calendar also proposes to serve as a record of the academic assessments held during the session. Therefore, the Academic Calendar is one of the ready referral tools for the various curricular and co-curricular programmes of the school.

It enables organization of school curricula at the beginning of the session, so that scholastic and co-scholastic activities can be integrated seamlessly with appropriate time management.

It gives a total picture of the year's activities and helps us to pace and plan accordingly.
